Steve – Its Friday afternoon and what's left to do but try and clear the office. Guess what I found – a final GW monitoring report by Brown & Caldwell prepared for the CCOD !!!! There is a hard copy report and 3 disks with data. The report is titled as follows:

"Final Quarterly Groundwater Monitoring Report – November/4th Qtr 2005" – its dated Dec. 16, 2005. The disks are labeled as follows:

"VB/I-70 OU2 GW Qtr 2 of 4 – Jan. 2006"; 3 of 4 – April 2006 and 4th Qtr GW – July 2006

I think we've been looking for this. I'd loan it to you but I would like it back fairly quickly so that I can send it to the records center before its lost again. When will you or someone on your staff be down here next week?

I'm around Tues. pm, Wed. after 2:00 pm and all day on Thur. next week. Let me know when someone can pick it up. Thanks.
